

# Legato Security's Managed Firewall Service

legato security

## OVERVIEW

Legato Security's Managed Firewall Service offers comprehensive protection for your network by ensuring 24/7 monitoring, threat detection, and policy management. We deploy and manage advanced firewall technologies tailored to your specific security needs, continuously optimizing configurations to defend against evolving cyber threats. Our service not only safeguards your organization from unauthorized access and malware but also enhances compliance with regulatory requirements, all while reducing the burden on your internal IT team. With Legato Security, you can trust that your network perimeter is protected by experts, allowing you to focus on your core business.

## SERVICE FEATURES

**24/7 MONITORING AND MANAGEMENT:**  
Continuous monitoring of firewall activity to detect and respond to potential threats in real-time, ensuring constant protection.

**POLICY CONFIGURATION AND OPTIMIZATION:**  
Regular updates and optimization of firewall rules and policies to align with evolving security requirements and best practices.

**REPORTING AND COMPLIANCE:**  
Generation of detailed reports on firewall activity, threat incidents, and compliance with industry regulations, providing transparency and accountability.

**SCALABILITY:**  
Our Managed Firewall Service easily scales with your business, allowing you to expand or modify your firewall protection as your network grows or changes, without the need for additional infrastructure or resources.

## HOW IT WORKS

**DEPLOY:** Legato Security expertly installs and configures advanced firewall solutions tailored to your organization's unique security requirements, ensuring a seamless integration into your existing network infrastructure.

**MANAGE:** Our team continuously monitors and manages your firewall, adjusting policies and rules in real-time to respond to emerging threats and maintain optimal security.

**MAINTAIN:** We provide ongoing support and regular updates, ensuring your firewall remains up-to-date with the latest threat intelligence and security patches.

## BENEFITS OF A MANAGED FIREWALL SERVICE

- » **COST SAVINGS:**  
Reduced expenses associated with hiring and training specialized security personnel, purchasing firewall hardware, and maintaining the infrastructure.
- » **SCALABILITY:**  
Ability to easily scale the firewall service to accommodate business growth and changes in network architecture without the need for additional in-house resources.
- » **EXPERT MANAGEMENT:**  
Access to a team of security experts who bring extensive experience and knowledge in managing complex firewall environments
- » **PEACE OF MIND:**  
Confidence that the organization's network perimeter is being vigilantly protected and managed by a trusted security partner.

## CUSTOMER OUTCOMES

- 1. REDUCED SECURITY INCIDENTS:** Decrease in the number of successful attacks and breaches due to proactive threat detection and response.
- 2. OPERATIONAL EFFICIENCY:** Streamlined management processes and reduced administrative burden on internal IT teams, allowing them to focus on core business functions.
- 3. IMPROVED COMPLIANCE:** Better alignment with regulatory requirements through consistent application of security policies and detailed compliance reporting.

## WHY LEGATO SECURITY?

### INDUSTRY EXPERIENCE

Legato Security's analysts have decades of experience with organizations of all sizes and in different industries. From small to medium businesses to Fortune-sized enterprises, Legato Security has a reputation for providing targeted security solutions custom-built for each use case. Legato Security's advisors help organizations identify current gaps and vulnerabilities, then plan and implement a strategy built for industry-specific threats.

### CUSTOMER-CENTRIC APPROACH

Meeting a customer's needs is priority number one. Legato Security will work closely with each customer to ensure a clear line of visibility and communication that meets the needs and requirements of each organization.

### COST SAVINGS

By partnering with Legato Security, organizations can optimize their security investment. Our scalable solutions allow businesses to pay for only the services they need, reducing unnecessary expenses associated with managing and maintaining an in-house security infrastructure.
