

# Legato Security's Vulnerability Management Service

legato security

## OVERVIEW

Legato Security's Vulnerability Management service offers comprehensive protection for customer systems by continuously identifying, assessing, and addressing security vulnerabilities. Legato Security conducts regular scans, prioritizes and classifies risks, and provides detailed reports to help you mitigate potential threats effectively. With Legato Security Vulnerability Management, customers can confidently safeguard infrastructure, reduce the risk of breaches, and maintain a strong security posture.

## SERVICE FEATURES

**AUTOMATED VULNERABILITY SCANNING:**  
Continuous scanning of an organization's IT infrastructure to identify vulnerabilities in real-time.

**PRIORITIZATION OF VULNERABILITIES:**  
Using risk-based assessment to prioritize vulnerabilities based on their severity, potential impact, and exploitability.

**COMPREHENSIVE REPORTING AND ANALYTICS:**  
Detailed reports that include vulnerability status, trends, and compliance metrics, helping organizations understand their security posture.

**PATCH MANAGEMENT AND REMEDIATION**  
Automated deployment of patches and configuration changes to remediate identified vulnerabilities.

## HOW IT WORKS

**DEPLOY:** Legato Security quickly integrates advanced vulnerability scanning tools into your environment, ensuring seamless deployment with minimal disruption to your operations.

**MANAGE:** Our team continuously monitors and manages vulnerabilities, prioritizing and addressing risks based on real-time threat intelligence and impact assessments.

**MAINTAIN:** We provide ongoing support and regular updates, ensuring your security posture stays robust against emerging threats and newly discovered vulnerabilities.

## BENEFITS OF MANAGED VULNERABILITY MANAGEMENT

- » **COST SAVINGS:**  
Avoid the high costs associated with breaches, fines, and manual vulnerability management by leveraging a managed service.
- » **ACCESS TO EXPERTISE**  
Gain access to specialized security expertise without the need to hire in-house professionals.
- » **SCALABILITY:**  
Easily scale vulnerability management as your organization grows, without the need for additional infrastructure or headcount.
- » **TIME SAVINGS:**  
Free up internal resources by automating vulnerability scanning, reporting, and remediation.

## CUSTOMER OUTCOMES

1. **Improved Security Posture:** Reduced exposure to cyber threats through proactive identification and remediation of vulnerabilities.
2. **Enhanced Operational Efficiency:** Streamlined processes and automation reduce the time and effort needed to manage vulnerabilities.
3. **Better Decision-Making:** Clear, actionable insights and data-driven decision-making for IT and security teams.

## WHY LEGATO SECURITY?

### INDUSTRY EXPERIENCE

Legato Security's analysts have decades of experience with organizations of all sizes and in different industries. From small to medium businesses to Fortune-sized enterprises, Legato Security has a reputation for providing targeted security solutions custom-built for each use case. Legato Security's advisors help organizations identify current gaps and vulnerabilities, then plan and implement a strategy built for industry-specific threats.

### CUSTOMER-CENTRIC APPROACH

Meeting a customer's needs is priority number one. Legato Security will work closely with each customer to ensure a clear line of visibility and communication that meets the needs and requirements of each organization.

### COST SAVINGS

By partnering with Legato Security, organizations can optimize their security investment. Our scalable solutions allow businesses to pay for only the services they need, reducing unnecessary expenses associated with managing and maintaining an in-house security infrastructure.
